NOTICE OF PRIVACY PRACTICES
THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective Date of Notice
February 16, 2026

The USW HRA Fund (the "Fund") is required to take reasonable steps to ensure the privacy of your personally identifiable health information in accordance with the privacy provisions contained in the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the related regulations ("federal health privacy law"). In addition, the Fund must inform you about:

1. the Fund's uses and disclosures of Protected Health Information ("PHI");
2. the Fund's duties with respect to your PHI;
3. your rights with respect to your PHI;
4. your right to file a complaint with the Fund and the Secretary of the U.S. Department of Health and Human Services;
5. the identity of the person to contact for additional information about the Fund's privacy practices.

PHI includes all individually identifiable health information that is transmitted or maintained by the Fund, or on behalf of the Fund, in connection with the benefits available under the Fund's plan of benefits, regardless of whether the information is transmitted or maintained orally, on paper or through electronic medium (such as e-mail).

USES AND DISCLOSURES OF PHI MADE WITHOUT YOUR CONSENT

The Fund uses PHI to determine your eligibility for benefits, to process and pay your health benefits claims, and to administer its operations. The Fund may disclose your PHI to insurers, third party administrators, and health care providers for treatment, payment or other health care operations purposes. The Fund may also disclose your PHI to other third parties that assist the Fund in its operations, to government and law enforcement agencies, to your family members, and to certain other persons or entities. Under certain circumstances, the Fund will only use or disclose your health information pursuant to your written authorization. In other cases, your authorization is not needed. The details of the Fund's uses and disclosures of your health information are described below.

Uses and Disclosures to the Plan Sponsor

The Fund may disclose your PHI to the Fund's Board of Trustees as the Plan Sponsor, to enable the Fund to administer the Fund. Such disclosures may be made without your authorization. The Fund's governing documents have been amended to reflect the Board of Trustees' obligation to protect the privacy of your health information and the Board of Trustees has certified that it will protect any PHI it receives in accordance with federal law.

Uses and Disclosures to Business Associates

The Fund shares PHI with its "business associates," which are third parties that assist the Fund in its operations such as preferred provider networks and prescription benefit program managers. The Fund enters into agreements with its business associates so that the privacy of your health information will be protected by them. A business associate must have any agent or subcontractor to whom the business associate provides your PHI agree to the same restrictions and conditions that apply to the business associate. The Fund is permitted to disclose PHI to its business associates for treatment, payment and health care operations without your authorization as described below.

Uses and Disclosures for Treatment, Payment, and Health Care Operations

The Fund and its business associates will use and disclose PHI without your authorization for treatment, payment and health care operations as described below.

For Treatment. The Fund currently provides benefits through a health reimbursement arrangement and, as such, the Fund does not anticipate making disclosures of PHI related to your health care treatment. However, if applicable and if necessary, such disclosures may be made without your authorization. For example, the Fund may disclose the name of a treating specialist to your treating physician to assist your treating physician in obtaining records from the specialist.

For Payment. The Fund may use and disclose PHI so that your claims for health care treatment, services and supplies can be paid in accordance with the Fund's plan of benefits. For example, the Fund may tell a doctor what portion of your medical bill will be paid by the Fund.

For Health Care Operations. The Fund may use and disclose PHI to enable it to operate efficiently including quality assessment and improvement, legal services and auditing functions, business planning and general administrative activities. For example, the Fund may disclose PHI to its actuaries and accountants for benefit planning purposes.

Other Uses and Disclosures That May Be Made Without Your Authorization

In addition to the uses and disclosures of PHI described above for treatment, payment or health care operations as described below, the federal health privacy law provides for specific uses or disclosures that the Fund may make without your authorization.

Required by Law. PHI may be used or disclosed for judicial and administrative proceedings pursuant to court or administrative order, legal process and authority; to report information related to victims of abuse, neglect, or domestic violence, or to assist law enforcement officials in their law enforcement duties, or to notify the appropriate authorities of a breach of unsecured PHI.

Health and Safety. PHI may be disclosed to avert a serious threat to the health or safety of you or any other person. PHI also may be disclosed for public health activities, such as preventing or controlling disease, injury or disability, and to meet the reporting and tracking requirements of governmental agencies, such as the Food and Drug Administration.

Government Functions. PHI may be disclosed to the government for specialized government functions, such as intelligence, national security activities, security clearance activities and protection of public officials. PHI may also be disclosed to health oversight agencies for audits, investigations, licensure and other oversight activities.

Active Members of the Military and Veterans. PHI may be used or disclosed in order to comply with laws and regulations related to military service or veterans' affairs.

Workers' Compensation. PHI may be used or disclosed in order to comply with laws and regulations related to Workers' Compensation benefits.

Research. Under certain circumstances, PHI may be used or disclosed for research purposes as long as the procedures required by law to protect the privacy of the research data are followed.

Organ, Eye and Tissue Donation. If you are an organ donor, your PHI may be used or disclosed to an organ donor or procurement organization to facilitate an organ or tissue donation or transplantation.

Treatment and Health Related Benefits Information. The Fund or its business associates may contact you to provide information about treatment alternatives or other health related benefits and services that may interest you, including, for example, alternative treatment, services or medication.

Deceased Individuals. The PHI of a deceased individual may be disclosed to coroners, medical examiners, and funeral directors so that those professionals can perform their duties.

Emergency Situations. PHI may be used or disclosed to a family member or close

personal friend involved in your care in the event of an emergency or to a disaster relief entity in the event of a disaster. If you do not want this information to be shared, you may request that these types of disclosures be restricted as outlined later in this notice.

Others Involved In Your Care. Under limited circumstances, your PHI may be used or disclosed to a family member, close personal friend, or others whom the Fund has verified are directly involved in your care. For example, this may occur if you are seriously injured and unable to discuss your case with the Fund. Also, upon request, the Fund may advise a family member or close personal friend about (1) your general condition, (2) your location, such as " in the hospital," or (3) your death, if the Fund has this type of information. If you do not want this information to be shared, you may request that these types of disclosures be restricted as outlined later in this Notice.

Personal Representatives. Your health information may be disclosed to people that you have authorized to act on your behalf, or people who have a legal right to act on your behalf. Examples of personal representatives are parents for unemancipated minors and those people who have Power of Attorney for adults.

Substance Use Disorder Treatment Information. If the Fund receives or maintains any information about you from a substance use disorder treatment program that is covered by 42 CFR Part 2 (a "Part 2 Program") through a general consent you provide to the Part 2 Program to use and disclose the Part 2 Program record for purposes of treatment, payment or health care operations, we may use and disclose your Part 2 Program record for treatment, payment and health care operations purposes as described in this Notice. If the Fund receives or maintains your Part 2 Program record through specific consent you provide to us or another third party, the Fund will use and disclose your Part 2 Program record only as expressly permitted by you in your consent as provided to us.

In no event will the Fund use or disclose your Part 2 Program record, or testimony that describes the information contained in your Part 2 Program record, in any civil, criminal, administrative, or legislative proceedings by any Federal, State, or local authority, against you, unless authorized by your consent or the order of a court after it provides you notice of the court order.

USES AND DISCLOSURES OF PHI FOR FUNDRAISING AND MARKETING PURPOSES

The Fund and its Business Associates do not use your health information for fundraising or marketing purposes.

USES AND DISCLOSURES OF PHI PURSUANT TO YOUR AUTHORIZATION

Uses and disclosures of your PHI ***other than*** those described above will be made only with your express written authorization. You may revoke your authorization at any time, provided you do so in writing. If you revoke a written authorization to use or disclose PHI, the Fund will not use or disclose your PHI, except to the extent that the Fund already relied on your authorization. Once your PHI has been disclosed pursuant to your authorization, the federal privacy law protections

may no longer apply to the disclosed health information, and that information may be re-disclosed by the recipient without your knowledge or authorization.

Your PHI may be disclosed to people that you have authorized to act on your behalf, or people who have a legal right to act on your behalf. Examples of personal representatives are parents for unemancipated minors and those who have Power of Attorney for adults.

YOUR RIGHTS WITH RESPECT TO YOUR PHI

You have the following rights regarding your PHI that the Fund creates, collects and maintains.

Right to Inspect and Copy Health Information

You have the right to inspect and obtain a copy of your health record. Your health record includes, among other things, health information about your eligibility and coverage under the Fund's plan of benefits as well as claims and billing records. For health records that the Fund keeps in electronic form, you may request to receive the records in an electronic format. To inspect or to obtain a copy of your health record, submit a written request to the Fund's HIPAA Privacy Officer identified below. (See page 6). For a paper copy of your health records, the Fund may charge a reasonable fee based on the cost for copying and mailing records associated with your request. Records provided in electronic format may also be subject to a small charge. In certain limited circumstances, the Fund may deny your request to inspect and copy your health record. This denial will be provided in writing and will set forth the reasons for the denial and will describe how you may appeal the Fund's decision.

Right to Request That Your Health Information Be Amended

You have the right to request that your PHI be amended if you believe the information is incorrect or incomplete. To request an amendment, submit a detailed written request to the Fund's HIPAA Privacy Officer identified below. The Fund may deny your request if it is not made in writing, if it does not provide a basis in support of the request, or if you have asked to amend information that (1) was not created by or for the Fund, unless you provide the Fund with information that the person or entity that created the information is no longer available to make the amendment, (2) is not part of the heath information maintained by or for the Fund, (3) is not part of the health record information that you are permitted to inspect and copy, or (4) is accurate and complete.

If the Fund denies your request, it will explain the basis for the denial in writing. You may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of PHI.

Right to an Accounting of Disclosures

You have the right to receive a written accounting of disclosures by the Fund of your PHI made during the six years prior to the date of your request. To request an accounting of disclosures, submit a written request to the Fund's HIPAA Privacy Officer identified below. In response to your request for an accounting of disclosures, the Fund may provide you with a list of its business associates who make such disclosures on behalf of the Fund, along with contact information so that you may request the accounting directly from each business associate.

If you request more than one accounting within a 12-month period, the Fund will charge a reasonable fee based on the cost for each subsequent accounting. The Fund will notify you of the cost involved before processing the accounting so that you can decide whether to withdraw your request before any costs are incurred.

Right to Request Restrictions

You have the right to request that the Fund restrict the use and disclosure of your PHI. However, the Fund is not generally required to agree to your request for such restrictions, and the Fund may terminate a prior agreement to the restrictions you requested. The Fund is required to agree to your request for restrictions in the case of a disclosure for payment purposes where you have paid the health care provider in full, out of pocket. To request restrictions on the use and disclosure of your PHI, submit a written request to the Fund's HIPAA Privacy Officer identified below. (See page 6).

Your request must explain what information you seek to limit, and how and/or to whom you would like the limit(s) to apply. The Fund will notify you in writing as to whether it agrees to your request for restrictions, and when it terminates any agreement with respect to any restriction.

Right to Request Confidential Communications, or Communications by Alternative Means or at an Alternative Location

You have the right to request that your PHI be communicated to you in confidence by alternative means or in an alternative location. For example, you can ask that you be contacted only at work or by mail, or that you be provided with access to your PHI at a specific location.

To request communications by alternative means or at an alternative location, submit a written request to the Fund's HIPAA Privacy Officer identified below. Your written request should state the reason for your request, and the alternative means by or location at which you would like to receive your health information. If appropriate, your request should state that the disclosure of all or part of the information by non-confidential communications could endanger you. Reasonable requests will be accommodated to the extent possible and you will be notified appropriately.

Right to Complain

You have the right to complain to the Fund and to the Department of Health and Human Services if you believe your privacy rights have been violated. To file a complaint with the Fund, submit a written complaint to the Fund's HIPAA Privacy Officer identified below.

The Fund will not retaliate or discriminate against you and no services, payment, or privileges will be withheld from you because you file a complaint with the Fund or with the Department of Health and Human Services.

Right to a Paper Copy of this Notice

If the Fund maintains a web site that provides information about the Fund's benefits, this Notice will be prominently posted on the web site and made available electronically through the web site. However, you have the right to a paper copy of this Notice. To make such a request, submit a written request to the Fund's HIPAA Privacy Officer identified below.

Right to Receive Notice of a Breach of Your PHI

You will be notified if your PHI has been breached. You will be notified by first class mail within 60 days of the event. A breach occurs when there has been an unauthorized use or disclosure under HIPAA that compromises the privacy or security of protected health information. The notice will provide you with the following information: (1) a brief description of what happened, including the date of the breach and the date of the discovery of the breach;
(2) the steps you should take to protect yourself from potential harm resulting from the breach; and (3) a brief description of what steps are being taken to investigate the breach, mitigate losses, and protect against further breaches. Please note that not every unauthorized disclosure of health information is a breach that requires notification: you may not be notified if the health information that was disclosed was adequately secured - for example, computer data that is encrypted and inaccessible without a password – or if it is determined that there is a low probability that your health information has been compromised.
